-- The MAILING DATE of this communication appears on the cover sheet with the correspondence address --

Period for Reply

A SHORTENED STATUTORY PERIOD FOR REPLY IS SET TO EXPIRE 1 MONTH(S) FROM THE MAILING DATE OF THIS COMMUNICATION.

- Extensions of time may be available under the provisions of 37 CFR 1.136(a). In no event, however, may a reply be timely filed after SIX (6) MONTHS from the mailing date of this communication.
- If the period for reply specified above is less than thirty (30) days, a reply within the statutory minimum of thirty (30) days will be considered timely.
- If NO period for reply is specified above, the maximum statutory period will apply and will expire SIX (6) MONTHS from the mailing date of this communication.
- Failure to reply within the set or extended period for reply will, by statute, cause the application to become ABANDONED (35 U.S.C. § 133). Any reply received by the Office later than three months after the mailing date of this communication, even if timely filed, may reduce any earned patent term adjustment. See 37 CFR 1.704(b).

DETAILED ACTION

Election/Restrictions

1. Restriction to one of the following inventions is required under 35 U.S.C. 121:
 - I. Claims 1, 4-12, 14, and 20, drawn to a method and computer-executable process steps in computer readable memory for collecting data from a plurality of sources, classified in class 705, subclass 1.
 - II. Claims 2, and 21, drawn to a method and computer-executable process steps in computer readable memory for collecting data from a plurality of sources, classified in class 705, subclass 37.
 - III. Claims 3 and 22, drawn to a method and computer-executable process steps in computer readable memory for transmitting data to a plurality end-users, classified in class 705, subclass 10.
 - IV. Claim 13, drawn to a data collection system that allows collection of data from a plurality of sources, classified in class 707, subclass 10.
 - V. Claims 15-17, 23-25, drawn to a method for defining a data source type for collecting data, classified in class 707, subclass 102.
 - VI. Claims 18, 26-27, drawn to a method for printing reports using a real time data collection, classified in class 709, subclass 206.

The inventions are distinct, each from the other because of the following reasons:

2. Inventions II, III, IV, V and VI are related as subcombinations disclosed as usable together in a single combination. The subcombinations are distinct from each other if they are

Art Unit: 3623

shown to be separately usable. In the instant case, invention I has separate utility such as performing trend analysis on the collected data. See MPEP § 806.05(d).

3. Because these inventions are distinct for the reasons given above and the search required for Group I is not required for Groups II, III, IV, V and VI, restriction for examination purposes as indicated is proper.

4. Because these inventions are distinct for the reasons given above and have acquired a separate status in the art as shown by their different classification, restriction for examination purposes as indicated is proper. A telephone call was made to Singh Tejinder on November 8, 2004 to request an oral election to the above restriction requirement, but did not result in an election being made.

Applicant is advised that the reply to this requirement to be complete must include an election of the invention to be examined even though the requirement be traversed (37 CFR 1.143).

5. Applicant is reminded that upon the cancellation of claims to a non-elected invention, the inventorship must be amended in compliance with 37 CFR 1.48(b) if one or more of the currently named inventors is no longer an inventor of at least one claim remaining in the application. Any amendment of inventorship must be accompanied by a request under 37 CFR 1.48(b) and by the fee required under 37 CFR 1.17(i).

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Romain Jeanty whose telephone number is (703) 308-9585. The examiner can normally be reached on Mon-Thurs 7:30 am - 6:00 pm.
